CERTIFICATIONS

Introduction to Mongoddb from Mongoddb University

- This course has given me a strong foundation in NoSQL databases, data modeling, and the power of MongoDB for modern applications.

Understanding LLMs and Basic Prompting Techniques from Codesignal

- "Prompt Engineering for Everyone" learning path: 1. Understanding LLMs and Basic Prompting Techniques 2. Engineering Output Size with LLMs These courses deepened my understanding of Large Language Models (LLMs) and helped me gain hands-on experience with prompt design and development — crucial skills in today's AI-driven world.

Java Programming for Beginners and OOPs in Java courses through Simplilearn.

- Successfully completed the "Java Programming for Beginners" and "OOPs in Java" courses through Simplilearn. These courses have deepened my understanding of Java fundamentals and object-oriented programming principles

Codechef Certifications

- <https://www.codechef.com/users/ishwaryap06/certificates>

Computer Training Course in C Language at A-Tech Computers

- I completed a Computer Training Course in C Language at A-Tech Computers, sponsored by the Lions Club of Spirit Tadepalligudem, achieving an A+ Grade with 88%.

HTML and CSS course through Great Learning

- This course have strengthened my foundational knowledge of web development and also equipped me with the skills to create responsive and visually appealing web pages.

ACTIVITIES

Complex Problem Solving

Solved nearly 3500 problems in codechef and additionally hackerrank

Consistent Competitive Programming Performer

Participated in numerous contests
